Overall Length:

1.406 inches

Overall Height:

0.031 inches

Overall Width:

0.969 inches

Special Features:

Four slots 0.172 in. Wide

Material And Location:

plastic, nylon

Style Designator:

Flat, rectangular

Reference Number Differentiating Characteristics:

Special requirements for nuclear propulsion plant equipment contained in individual repair parts ordering data instrumentation control no.

Ac3610a, line no. 0060-i

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A007a0
