**Overall Length:**

1.406 inches

**Overall Height:**

0.031 inches

**Overall Width:**

0.969 inches

**Special Features:**

Four slots 0.172 in. Wide

**Material And Location:**

plastic, nylon

**Style Designator:**

Flat, rectangular

**Reference Number Differentiating Characteristics:**

Special requirements for nuclear propulsion plant equipment contained in individual repair parts ordering data instrumentation control no.

Ac3610a, line no. 0060-i

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A007a0
