Overall Length:
1.406 inches
Overall Height:
0.031 inches
Overall Width:
0.969 inches
Special Features:
Four slots 0.172 in. Wide
Material And Location:
plastic, nylon
Style Designator:
Flat, rectangular
Reference Number Differentiating Characteristics:
Special requirements for nuclear propulsion plant equipment contained in individual repair parts ordering data instrumentation control no.
Ac3610a, line no. 0060-i
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A007a0
