Overall Length:

6.000 inches

Overall Height:

0.750 inches

Overall Width:

5.800 inches

Special Features:

Item is used on f-16; item has three conductor holes and six insert holes

Material And Location:

beryllium oxide

Style Designator:

Flat, rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A007a0
