| Reliability Indicator:                                   |
|----------------------------------------------------------|
| Not established                                          |
| Tempurature Rating:                                      |
| -55.0 degrees celsius and 135.0 degrees celsius          |
| Environmental Protection:                                |
| Flame resistant and mildew resistant and water resistant |
| Main Body Wall Thickness:                                |
| 0.130 inches after unrestricted recovery                 |
| Main Bodylength:                                         |
| 3.530 inches after unrestricted recovery                 |
| Main Body Small End Inside Diameter:                     |
| 2.040 inches as supplied                                 |
| Main Body Large End Inside Diameter:                     |
| 2.040 inches as supplied                                 |
| Distance From Top Of Shoulder To Small End Of Main Body: |
| 1.560 inches after unrestricted recovery                 |
| Min. Tensile Strength (psi):                             |
| 1500 pounds per square inch                              |
| Special Features:                                        |
| Large end has lip                                        |
| Flexibility:                                             |
| Semirigid                                                |
| Color:                                                   |
| Black                                                    |
| Material:                                                |
| Plastic, polyolefin, mil-i-81765/1, type i               |
| Material:                                                |
| Plastic, polyolefin, mil-i-81765/1, type i               |
| Style Designator:                                        |
| Boot-straight                                            |
| Dielectric Material Voltage Rating Per Unit Thickness:   |
| 200.0 volts per military /0.001 inch/                    |
| Shelf Life:                                              |
| N/a                                                      |
| Unit Of Measure:                                         |
|                                                          |
| Demilitarization:                                        |
| No                                                       |
| Fiig:                                                    |
| A 22500                                                  |
