Main Body Inside Diameter:

60.0 millimeters as supplied 25.0 millimeters after unrestricted recovery

First Branch Inside Diameter:

25.0 millimeters as supplied 9.0 millimeters after unrestricted recovery

Second Branch Inside Diameter:

25.0 millimeters as supplied 9.0 millimeters after unrestricted recovery

Third Branch Inside Diameter:

25.0 millimeters as supplied 9.0 millimeters after unrestricted recovery

Fourth Branch Inside Diameter:

25.0 millimeters as supplied 9.0 millimeters after unrestricted recovery

Main Body Wall Thickness:

3.5 millimeters after unrestricted recovery

First Branch Wall Thickness:

1.5 millimeters after unrestricted recovery

Second Branch Wall Thickness:

1.5 millimeters after unrestricted recovery

Third Branch Wall Thickness:

1.5 millimeters after unrestricted recovery

Fourth Branch Wall Thickness:

1.5 millimeters after unrestricted recovery

Main Body Length:

217.0 millimeters after unrestricted recovery

Special Features:

Inside coated with adhesive

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22500
