**Width:**

0.625 inches

**Temperature Rating:**

Between -80.0 degrees fahrenheit and 530.0 degrees fahrenheit

**Nominal thickness:**

0.0010 inches

**Special Features:**

H-film high temperature transparent tape-dupont kapton

**Material Specification:**

3101000-3101999 mfr ref single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A14300
