Inside Diameter:

Between 0.115 inches and 0.125 inches

Outside Diameter:

0.250 inches

Overall Height:

0.200 inches

Shank Outside Diameter:

Between 0.140 inches and 0.150 inches

Shank Height:

0.100 inches

Material And Location:

polyamide-imide, torlon 4203

Style Designator:

Shoulder

Dielectric Material Voltage Rating Per Unit Thickness:

500.0 volts per military /0.001 inch/

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A007a0
