Wall Thickness:

0.025 inches

Inside Diameter:

0.750 inches

Overall Length:

100.000 feet

Tempurature Rating:

125.0 degrees celsius

Environmental Protection:

Abrasion resistant and flame resistant and mildew resistant

Special Features:

White spiral tracer strand

Flexibility:

Flexible

Color:

Black

Material:

Plastic, polyester

Material:

Plastic polyester

Style Designator:

Nonshrinkable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22500
