End Application:

Nsn2320011231610

Product Name:

Insulator, antenna lead

Special Features:

Width across parallel flats 2.020 inches, diameter 2.250 inches, diameter center through hole 0.400 inches, height 1.000 inches, shoulder length 0.700 inches

Material And Location:

plastic, glass reinforced

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A007a0
