Overall Length:

1.940 inches

Overall Height:

0.003 inches

Overall Width:

1.220 inches

First Hole Diameter:

Between 0.173 inches and 0.203 inches

Second Hole Diameter:

Between 0.173 inches and 0.203 inches

End Application:

P/n 00132520; an/tpn-22

First Hole Spacing:

0.380 inches

Second Hole Spacing:

0.380 inches

Third Hole Spacing:

1.190 inches

Special Features:

200 degrees c. Max. Service temp

Material And Location:

plastic, polyamide

Style Designator:

Flat, rectangular

Dielectric Material Voltage Rating Per Unit Thickness:

4000.0 volts per military /0.001 inch/

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A007a0
