Tempurature Rating:

200.0 degrees celsius

Impregnation Material:

Resin

Product Name:

Sleeving, insulation, 200 degrees c, resin impregnated, high moisture resistant

Special Features:

Inside diameter 1.500 inch nom; 1.500 min 1.536 max; wall thickness maximum 0.075; material specification mil-i-3190/5, class 20, type c, category c except for diameter

Color:

Natural

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22500
