Reliability Indicator:

Not established

End Application:

C130j

Special Features:

Material is semirigid polyolein, expanded id min 0.232 in, recovered id maximum 0.130 in, wall thickness full recovery () 0.050 in, length 0.025 ft

Flexibility:

Semirigid

Style Designator:

Boot-straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22500
