Environmental Protection:

Weather resistant

Drying Method:

Air

Special Features:

Xdrying time to handle per fed-std141, meth. 4061, 10 minutes; curing time7 days; minus 65 to plus 125 degrees celsius continious use operating range; self extinguishing flammability; main constituent acrylic; fair resistance to chemicals

Color:

Transparent-invalid

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T388-c
