Reliability Indicator:

Not established

Overall Length:

8.000 inches

Expanded Inside Diameter:

Any acceptable

Recovered Inside Diameter:

Between 2.736 inches and 2.776 inches

Recovered Wall Thickness:

0.250 inches

End Application:

Surface minesweeping systems

Design Form:

Full round

Product Name:

Insulation, sleeve

Special Features:

Type designation for end: c; recommended hose clamp: 5781286-1

Flexibility:

Semiflexible

Color:

Any acceptable

Material:

Rubber

Material:

Rubber

Style Designator:

Shrinkable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22500
