**Reliability Indicator:**

Not established

**Overall Length:**

8.000 inches

**Expanded Inside Diameter:**

Any acceptable

**Recovered Inside Diameter:**

2.953 inches

**Recovered Wall Thickness:**

Between 0.240 inches and 0.260 inches

**End Application:**

Surface minesweeping systems

**Design Form:**

Full round

**Product Name:**

Sleeve, insulating

**Special Features:**

End type designation: ck; recommended hose clamps: 5781286-1

**Flexibility:**

Semiflexible

**Color:**

Any acceptable

**Material:**

Rubber

**Material:**

Rubber

**Style Designator:**

Shrinkable

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A22500
