**Reliability Indicator:**

Not established

**Overall Length:**

8.000 inches

**Expanded Inside Diameter:**

Any acceptable

**Recovered Inside Diameter:**

Between 4.783 inches and 4.823 inches

**Recovered Wall Thickness:**

0.250 inches

**End Application:**

Surface minesweeping systems

**Design Form:**

Full round

**Product Name:**

Sleeve, insulating

**Special Features:**

End type designation: s; recommended hose clamps: 5781286-5

**Flexibility:**

Semiflexible

**Color:**

Any acceptable

**Material:**

Rubber

**Material:**

Rubber

**Style Designator:**

Shrinkable

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A22500
