Overall Length:

1.940 inches

Overall Height:

0.025 inches

Overall Width:

1.130 inches

First Hole Diameter:

0.140 inches

End Application:

Vdsdr cannister

Fourth Hole Spacing:

1.625 inches

First Hole Spacing:

0.160 inches

Second Hole Spacing:

0.160 inches

Third Hole Spacing:

0.812 inches

Product Name:

Insulator

Special Features:

Stencil or rubber stamp 53711 - 7417507 iaw mil-std-130, using black epoxy ink, characters 0.13 high

Material And Location:

plastic, acetal resin err-100 err-100

Style Designator:

Flat, rectangular

Supplementary Features:

Material is delrin sheet iaw fed-spec-lp-392a, type 2 or astm d2133-81 or astm d4181-2000

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A007a0
