Wall Thickness:

0.010 inches

Reliability Indicator:

Not established

Inside Diameter:

Between 0.025 inches and 0.032 inches

Environmental Protection:

Corrosion resistant

End Application:

Acft, orion p-3

Design Form:

Full round

Product Name:

Insulation sleeving, electrical - tfe

Flexibility:

Flexible

Color:

Natural

Material:

Plastic, polytetrafluoroethylene

Material:

Plastic polytetrafluoroethylene

Style Designator:

Nonshrinkable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22500
