Width:

6.860 inches

Thickness:

0.005 inches

Length:

7.750 inches

End Application:

Power supply

Criticality Code Justification:

Agav

Special Features:

Controlling agency name is (navy) sheet, insulating; insulator, printed wiring assembly-power supply

Material:

Plastic, polyester film

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T388-b
