Overall Length:

4.520 inches

Overall Height:

0.007 inches

Overall Width:

2.320 inches

End Application:

Touchscreen control panel 302-7513349 item 1

Product Name:

Thermal interface pad

Special Features:

Split release liner; adhesive strip; roll carrier with adhesive strip; phase change thermal compound; make from power devices al-2-45h-232

Material And Location:

aluminum alloy

Special Test Features:

Drawing number 19459 (67131) thermal interface pad and drawing 20200 for artwork

Style Designator:

Flat, rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A007a0
