Width:

1.160 inches

Tempurature Rating:

2012.0 degrees fahrenheit

Nominalthickness:

0.0610 inches

Product Name:

Tape, woven, ceramic

Special Features:

Nextel 312 woven and braided tape are made from continuous nextel alumina-boria-silica fibers; nextel 312 tape retain strength and flexibility at continuous temperature of up to 2012 f (1100 c); typical applications: electrical insulation, hose protection, fire zone cable protection, & automotive.

Color:

Colorless

Material:

Ceramic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A14300
