End Application:

DATA-AN-ALY-SISC

Special Features:

Low frequency bubble mounts isolate electronic or medical equipment, avionics, computers, small pumps and compressors. Especially useful in mobile or medical equipment, these aluminum and neoprene isolators operate in temperatures between -20 degrees and +180 degrees f. They resist oil, ozone and most solvents. Easy to instal bubble mounts are primarily recommended for compression loads. Pn 6772k814 has pn 50680-5 white maximum load 18.0 lbs .256"

Style Designator:
