**Overall Length:**

4.405 inches

**End Application:**

Isis 688

**Product Name:**

Transition

**Special Features:**

6.040 inch id transition to 4.500 inch id offset by 0.678 inch; specific matl is beryllium copper uns c17200; protective treatment per ams 2404e, cl 3, 0.0020 to 0.0025 thk

**Material:**

Copper

**Surface Treatment:**

Nickel

**General Description:**

Refer to drawing item detail

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
