Overall Length:

4.405 inches

End Application:

Isis 688

Product Name:

Transition

Special Features:

6.040 inch id transition to 4.500 inch id offset by 0.678 inch; specific matl is beryllium copper uns c17200; protective treatment per ams 2404e, cl 3, 0.0020 to 0.0025 thk

Material:

Copper

Surface Treatment:

Nickel

General Description:

Refer to drawing item detail

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
