Overall Length:
4.405 inches
End Application:
Isis 688
Product Name:
Transition
Special Features:
6.040 inch id transition to 4.500 inch id offset by 0.678 inch; specific matl is beryllium copper uns c17200; protective treatment per ams
2404e, cl 3, 0.0020 to 0.0025 thk
Material:
Copper
Surface Treatment:
Nickel
General Description:
Refer to drawing item detail
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A23900
