Physical Form:

Liquid

Corrosive Characteristics:

Noncorrosive to metal

Special Features:

Protects against mechanical damage; resin thinner; flammable; clear color; 40 degrees flash point; contains toluene/xylene; exposure may cause eye, nose, throat and skin irritation; add thinner to seal coat until desired viscosity is reached

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T388-c
