T388-c

Electrical Insulating Compound - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5970-01-558-7862

Physical Form:
Liquid
Corrosive Characteristics:
Noncorrosive to metal
Special Features:
Protects against mechanical damage; resin thinner; flammable; clear color; 40 degrees flash point; contains toulene/xylene; exposure
may cause eye, nose, throat and skin irritation; add thinner to seal coat until desired viscosity is reached
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiia:
