Wall Thickness:

0.025 inches

Inside Diameter:

0.250 inches

Overall Length:

1000.000 feet

Environmental Protection:

Flame resistant

Closure Method:

Interlocking reclosable

End Application:

Restraint of electrical wires

Design Form:

Split round

Product Name:

Fire retardant expandable sleeving

Special Features:

Fire retardant monofilament polyester tight weave; black with red tracer-not standard; snag resistant; self-fitting sleeving; bulk 1000 foot spool

Flexibility:

Flexible

Color:

Black and red

Material:

Fiber

Material:

Fiber

Style Designator:

Nonshrinkable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22500
