Overall Length:

7.000 inches

Overall Width:

5.000 inches

End Application:

Magnetic inspection unit, mdl gb-3509-01, nsn 6635-01-362-9184.

Product Name:

Pad holder

Special Features:

This is the molded vee-block that holds the copper pads. The copper pads by themselves are procured by p/n: n500204001.

Material And Location:

rubber, synthetic err-100 err-100

Style Designator:

Flat, rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A007a0
