Wall Thickness:

0.059 inches and 0.030 inches

Reliability Indicator:

Not established

Inside Diameter:

Between 0.057 inches and 0.067 inches

Overall Length:

Between 2.500 feet and 3.500 feet

Coating Material:

Silicone rubber

Design Form:

Full round

Markings:

Any acceptable

Product Name:

Insulation sleeving, electrical, flexible, coated, class 200, type d, category c

Flexibility:

Flexible

Color:

White

Material:

Glass

Material:

Glass

Style Designator:

Nonshrinkable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22500
