Wall Thickness:

0.008 inches

Inside Diameter:

1.250 inches

Overall Length:

250.000 feet

Tempurature Rating:

200.0 degrees celsius

End Application:

Total aircraft

Design Form:

Full round

Markings:

Any acceptable

Product Name:

Expando pps 32-y

Special Features:

Tubular braid of polypropylene sulfide (pps) monofilament yarns; continuous length; std. Packaging: 250 feet

Flexibility:

Flexible

Color:

Black

Material:

Plastic

Material:

Plastic

Style Designator:

Nonshrinkable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22500
