Wall Thickness:

0.008 inches

Inside Diameter:

0.125 inches

Overall Length:

2000.000 feet

Tempurature Rating:

200.0 degrees celsius

End Application:

Total aircraft

Design Form:

Full round

Markings:

Any acceptable

Product Name:

Cage: expando pps 3-y (tan)

Special Features:

Tubular braid of polypropylene sulfide (pps) monofilament yarns; continuous length; standard packaging: 2000 feet

Flexibility:

Flexible

Color:

Tan

Material:

Plastic

Material:

Plastic

Style Designator:

Nonshrinkable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22500
