Wall Thickness:

0.008 inches

Inside Diameter:

0.250 inches

Overall Length:

1000.000 feet

End Application:

Total aircraft

Design Form:

Full round

Markings:

None indicated

Product Name:

Expando pps 6-y (tan)

Special Features:

Tubular braid of polypropylene sulfide (pps) monofilament yarns; continuous length; standard packaging: 1000 feet

Flexibility:

Flexible

Color:

Tan

Material:

Plastic

Material:

Plastic

Style Designator:

Nonshrinkable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22500
