**Wall Thickness:**

0.008 inches

**Inside Diameter:**

0.250 inches

**Overall Length:**

1000.000 feet

**End Application:**

Total aircraft

**Design Form:**

Full round

**Markings:**

None indicated

**Product Name:**

Expando pps 6-y (tan)

**Special Features:**

Tubular braid of polypropylene sulfide (pps) monofilament yarns; continuous length; standard packaging: 1000 feet

**Flexibility:**

Flexible

**Color:**

Tan

**Material:**

Plastic

**Material:**

Plastic

**Style Designator:**

Nonshrinkable

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A22500
