Overall Length:

16.0 inches

Overall Height:

0.040 inches

Overall Width:

8.0 inches

End Application:

1025-99-463-7551

Product Name:

Gap pad vo soft

Special Features:

Highly conformable, thermally conductive material for filling air gaps; no pressure sensitive adhesive, natural tack on one side; thermal conductivity: 0.8w/m-k; enhanced puncture, shear, and tear resistance; electrically isolating; filled-silicone polymer on a rubbercoated fiberglass carrier

Material And Location:

fiberglass

Style Designator:

Flat, rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A007a0
