First Hole Diameter:

Between 6.75 millimeters and 7.25 millimeters

End Application:

Nsn: 5895-01-277-2680; control, receiver-transmitter

Product Name:

Insulator plate

Special Features:

Material: plastic sheet per mil-p-18177 type gee 0.25 (.010 in.) thk

Material And Location:

plastic

Style Designator:

Flat, irregular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A007a0
