**First Hole Diameter:**

Between 6.75 millimeters and 7.25 millimeters

**End Application:**

Nsn: 5895-01-277-2680; control, receiver-transmitter

**Product Name:**

Insulator plate

**Special Features:**

Material: plastic sheet per mil-p-18177 type gee 0.25 (.010 in.) thk

**Material And Location:**

plastic

**Style Designator:**

Flat, irregular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A007a0
