Plate Insulator - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5970-01-601-8165

First Hole Diameter:
Between 6.75 millimeters and 7.25 millimeters
End Application:
Nsn: 5895-01-277-2680; control, receiver-transmitter
Product Name:
Insulator plate
Special Features:
Material: plastic sheet per mil-p-18177 type gee 0.25 (.010 in.) thk
Material And Location:
plastic
Style Designator:
Flat, irregular
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A007a0
