Tempurature Rating:

125.0 degrees celsius

Main Body Inside Diameter:

6.4 millimeters as supplied

End Application:

Wires, cables and tubing

Product Name:

Braided expandable sleeving

Flexibility:

Flexible

Color:

Black

Supplementary Features:

Length per reel: 61.0mm; mat: polyethylene terephthalate; diameter range: 3.2-9.5

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22500
