**Tempurature Rating:**

125.0 degrees celsius

**Main Body Inside Diameter:**

6.4 millimeters as supplied

**End Application:**

Wires, cables and tubing

**Product Name:**

Braided expandable sleeving

**Flexibility:**

Flexible

**Color:**

Black

**Supplementary Features:**

Length per reel: 61.0mm; mat: polyethylene terephthalate; diameter range: 3.2-9.5

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A22500
