Inside Diameter:

0.286 inches

Storage Temperature Range:

+65.0 to 95.0 degrees fahrenheit

Expanded Inside Diameter:

0.500 inches

Design Form:

Full round

Product Name:

Insulation sleeving, electrical, heat shrinkable

Flexibility:

Flexible

Color:

Black

Material:

Plastic cross-linked polyolefin

Style Designator:

Shrinkable

Supplementary Features:

Can be stored up to 1 yr..

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22500
