Inside Diameter:

Between 0.25 inches and 0.750 inches

Temperature Rating:

-94.0 degrees fahrenheit and 257.0 degrees fahrenheit

Environmental Protection:

Abrasion resistant

End Application:

0000000000

Design Form:

Full round

Markings:

Black with white tracer

Product Name:

Flexo flame retardant sleeving

Flexibility:

Flexible

Color:

Black or white

Material:

Plastic polyethylene

Style Designator:

Nonshrinkable

Supplementary Features:

Expansion range: 1/4" to 3/4"; bulk spool: 500 ft; shop spool: 100 ft; vw-1 approved; temp. Range: -94 to 257 degrees f; resists gasoline and engine chemicals

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22500
