**Inside Diameter:**

Between 0.25 inches and 0.750 inches

**Temperature Rating:**

-94.0 degrees fahrenheit and 257.0 degrees fahrenheit

**Environmental Protection:**

Abrasion resistant

**End Application:**

0000000000

**Design Form:**

Full round

**Markings:**

Black with white tracer

**Product Name:**

Flexo flame retardant sleeving

**Flexibility:**

Flexible

**Color:**

Black or white

**Material:**

Plastic polyethylene

**Style Designator:**

Nonshrinkable

**Supplementary Features:**

Expansion range: 1/4" to 3/4"; bulk spool: 500 ft; shop spool: 100 ft; vw-1 approved; temp. Range: -94 to 257 degrees f; resists gasoline and engine chemicals

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A22500
