Inside Diameter:

Between 0.500 inches and 1.250 inches

Overall Length:

100.0 feet

Tempurature Rating:

-94.0 degrees fahrenheit and 257.0 degrees fahrenheit

Environmental Protection:

Abrasion resistant

End Application:

0000000000

Design Form:

Full round

Product Name:

Insulation sleeving, braided

Flexibility:

Flexible

Color:

Black

Style Designator:

Nonshrinkable

Supplementary Features:

Braided, expandable sleeving, 0.75" diameter; flexible, open weave; flammability rating: hb

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22500
