Mounting Provision:

Turnlock fastener and unthreaded hole

Overall Depth:

12.652 inches

Overall Height:

7.625 inches

Overall Width:

4.875 inches

End Application:

Aircraft instruments

Design Feature:

Blank

Surface Treatment:

Nickel

Surface Treatment Specification:

Qq-n-290, cl 1, ty viistyllc4 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A05500
