Minimum Inside Bending Radius:

2.500 inches

Impregnation Material:

Varnish

Features Provided:

Outer covering

Terminal End Type:

Plain end both ends

Flexibility:

Flexible

Material:

Glass fiber complete end fitting

Surface Treatment:

Rubber natural complete end fitting

Fsc Application Data:

Radio set, angrn9

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02700
