**Thread Length:**

1.438 inches second end

**Hazardous Locations/environmental Protection:**

Oiltight and watertight

**Furnished Items:**

Bushing and round bushing and gasket and locknut

**Conduit Type Accommodated:**

Flexible nonmetallic first end

**End Type:**

Gland nut w/internal thread first end

**Cable Diameter Accommodated:**

2.500 inches first end

**Thread Size:**

2.500 inches second end

**Material:**

Iron malleable

**Surface Treatment:**

Lacquer aluminum cellulose and cadmium zinc

**Style Designator:**

Straight

**Thread Series Designator:**

Npsl second end

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A01800
