Deflection Angle:

90.0 degrees

Conduit Type Accommodated:

Flexible metallic first end

Item Accommodated Trade Size:

0.375 inches first end

Special Features:

First end secured to connector by gland nut second end method of securing connector to box flange type connection

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01800
