Center To Center Distance Between Mounting Holes:

0.500 inches

Mounting Device Quantity:

2

Body Outside Diameter:

2.128 inches

Body Height:

1.750 inches

Mounting Method:

Screw

Features Provided:

Component switch

Conductor Accommodation Quantity:

2

Accommodation Hole Inside Diameter:

0.437 inches

Special Features:

Rated 660 w.

Material:

Porcelain body

Style Designator:

Concealed two piece

Terminal Type And Quantity:

2 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02000
